- Affligem 2023- discussion

ESKC thanks to Luc De Donder for his work for the Judges seminar in Affligem. ESKC evaluated the feedback from judges present at the seminar. We found out that we need to focus more on the quality of the seminar in the future. We also need more time for discussion.

The Organizer should take more care of attended judges and ESKC recommends being more careful with preparing this event.

ESKC discussed the possibility of having the next seminar in October 2024 in Denmark.

7. Reworking of the EE-Standard – continuing work

Überarbeitung des EE-Standards – Fortführung

- EE-Standard will be updated with new photos.
- Skinny will be added to the EE-Standard.
- Point 1. Type and Shape / Disqualifications: Any anatomical skeletal deformations. Update: Any anatomical deformations and abnormalities.
- ESKC discussed Abyssinians, no changes in breed descriptions are needed.
- ESKC discussed the condition and presentation of the animals at the last EE show. It is not good to show animals with parasites. It will be strictly penalized in the future.

8. New standardised breeds in the affiliated countries since 2024

Neuanerkennungen seit 2024 in den angeschlossenen Ländern

Member countries sent the list. There are new breeds in affiliated countries, but no news for the EE Standard.

9. Proposals

Anträge

M. Polinelli asked for the possibility to include the Pet Standard into the EE Standard. ESKC decided NO, because EE is about pure breeds.

ESKC updated rules for BSES.
